DETAILED ACTION

1. Applicant's Amendment filed 01/24/2005 has been reviewed and placed of record in the file.

Allowable Subject Matter

2. Claims 1-10 and 13-16 are allowable over the prior art of record.

The allowable subject matter was indicated in the Office Action mailed 09/22/2004. In addition, the prior art of record also fails to disclose a cantilever array - having conductive chips at distal ends as claimed - as claimed so that information is written or read from the patterned magnetic recording medium having nanostructures showing or inherently showing the magnetoresistive effect as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
